She loved God so much
that she did not care
about the money or fame

The governor put Marina in jail, but she was still very brave

She asked God to help her

She trusted the our Lord Jesus Christ would be stronger than anything that happened to her

Coptic Animations Team

Coptic Animations Team
Every time the governor tried to hurt her, our Lord would make her better and it would be as if nothing happened

Coptic Animations Team
Archangel Michael appeared to her and made her
better and healed her

Did you ever accidentally touch something hot?

Didn't it hurt so much?

If someone tried to hurt God's children, would He help them?

After seeing such a miracle and the power of
God people started to believe

In her icon, St. Marina is holding a cross

- This is because in jail a big dragon (devil) appeared to her. The dragon tried to swallow her
- She was not scared she made the sign of the cross and the dragon disappeared

The sign of the cross is very powerful

It can make us defeat anything

The cross helped St. Marina defeat the devil and it can help us anytime we need

After Marina was hurt by the soldiers, she died and received the crown of martyrdom

She is one of our heroes in heaven

Now she lives in heaven and prays for us
